## NEW UK WAREHOUSE FOR LOCAL NEEDS NOW OPEN

We're committed to providing the best lighting solutions with superior service. Our brand new warehouse in Birmingham is designed to streamline logistics and ensure our customers receive faster delivery times. This also means improved stock availability, optimised supply chain operations and greater support to your business.

# POWER THROUGH LIGHT

## PRODUCT HIGHLIGHTS FOR 2025

### FIRE RATED SPOTLIGHTS

The FIRE RATED SPOTLIGHTS from LEDVANCE ensures that the functionality of the fire ceiling is maintained after installation for certain ceiling systems.

- + Effortless, time-saving installation with a tool-free electrical connection system
- + Flexible customization with multi-select options for wattage and CCTs
- + Plug-and-connect design connector for hassle-free maintenance and quick installations
- + Exceptional efficiency reaching up to 120lm/W
- + Long-lasting performance with a lifespan of up to 30,000 hours (L70) and ultra-low flicker <5%

<sup>1</sup> Only for Value & Adjustable versions

### BULKHEAD COMBO

LEDVANCE BULKHEADS are characterised by rugged design, an impact-resistant housing with IK10 rating and high degree of IP65.

- + Enhance functionality effortlessly with Plug & Upgrade components, enabling seamless integration of sensors and emergency features
- + Effortless, time-saving installation with a tool-free electrical connection system
- + Flexible customization with multi-select options for wattage (3 steps) and 3 CCTs
- + Exceptional efficiency reaching up to 120lm/W
- + Long-lasting performance with a lifespan of up to 50,000 hours (L70) and ultra-low flicker <5%

### BATTEN COMBO

First class BATTENS with easy installation, standing out in demanding environments. The series offers a plug and upgrade option to give you sensor and emergency option.

- + Effortless, time-saving installation with a tool-free electrical connection system
- + Flexible customisation with multi-select options for wattage (4 steps) and 2 CCTs
- + Enhance functionality effortlessly with Plug & Upgrade components, enabling seamless integration of sensors and emergency features
- + Exceptional efficiency reaching up to 150lm/W
- + Long-lasting performance with a lifespan of up to 50,000 hours (L70) and ultra-low flicker <5%

### DAMP PROOF COMBO

Our new non corrosive luminaire range are easy to mount and offer plug and upgrade to sensor and emergency versions. The series offers sizes in 4ft, 5ft and in 6ft.

- + Effortless, time-saving installation with a tool-free electrical connection system
- + Flexible customisation with multi-select options for wattage (4 steps) and 2 CCTs
- + Enhance functionality effortlessly with Plug & Upgrade components, enabling seamless integration of sensors and emergency features.
- + Exceptional efficiency reaching up to 150lm/W
- + Long-lasting performance with a lifespan of up to 50,000 hours (L70) and ultra-low flicker <5%

## FIRE RATED SPOTLIGHTS

- Fire-rated: Designed and tested to meet fire rating standards
- Functional and minimalistic design
- Easy installation with fast connection

## LEDVANCE DALI LED TUBE EXTERNAL SYSTEM

- High flexibility due to adjustable output currents via dip switch
- DALI 2.0 interface for dimming and sensor operations
- High-quality dimming of 1 to 100%

# RELIABLE AND VERSATILE LEDVANCE LED DRIVERS FOR CONSTANT VOLTAGE

## OUR DRIVER PORTFOLIO FITS EVERY NEED

Only with the right drivers for constant voltage (CV) can you unleash the full potential of modern lighting with LED Strips. At LEDVANCE you get everything from a single source.

The SELV-insulated constant voltage LED drivers from LEDVANCE are perfectly matched to LEDVANCE LED Strips. A portfolio of dimmable and non-dimmable versions for professional indoor and outdoor applications gives you a wide variety of combinations to cover virtually any requirements. Integrated cable clamps allow for easy installation, reducing your time and costs. Other strong arguments include the option of IP66 protection and a life of up to 50000 hours<sup>1</sup>. Why should you settle for anything less?

The full range of LED drivers for LED Strips:  
[ledvance.com/ledstrip-drivers](http://ledvance.com/ledstrip-drivers)

<sup>1</sup> At max. Tc temperature

## LED FLEX STRIPS

# CUT ON DEMAND: SERVICE AT ITS BEST THE EASY WAY TO PLAN YOUR LED STRIP SYSTEMS

Do you want to bring LED strip systems even more in line with customer needs? Now you can take advantage of the unique capabilities of Cut on Demand, for individual planning, quick implementation and greater efficiency – all from a single source. Because our service makes the difference.

### DISCOVER AND BENEFIT FROM CUT ON DEMAND NOW

**WELL CONNECTED**  
Cabling options for LED Strips of different lengths

**INDIVIDUAL LENGTHS**  
Cutting of LED Strips, profiles and covers to size

**CUSTOMISED PROFILES**  
Painting of profiles with different RAL colours and coatings

**FULLY ASSEMBLED**  
Mounting of all elements including end caps

### YOUR BENEFITS AT A GLANCE

- ▶ We implement your wishes 1:1.
- ▶ We plan your lighting solution according to your needs.
- ▶ We develop tailor-made product versions for you.
- ▶ We realise your individual lighting projects.

### MORE EFFICIENCY FROM A SINGLE SOURCE

- We support your project business with individual solutions.
- We design customer-specific project solutions according to the CCE principle (Configuration, Customisation, Engineer to order).
- With Cut on Demand for LED strip systems, we offer you a practical all-in-one solution for a comprehensive, individual service.
- With dedicated teams across Europe, we ensure seamless communication and coordination with partners and faster product delivery.

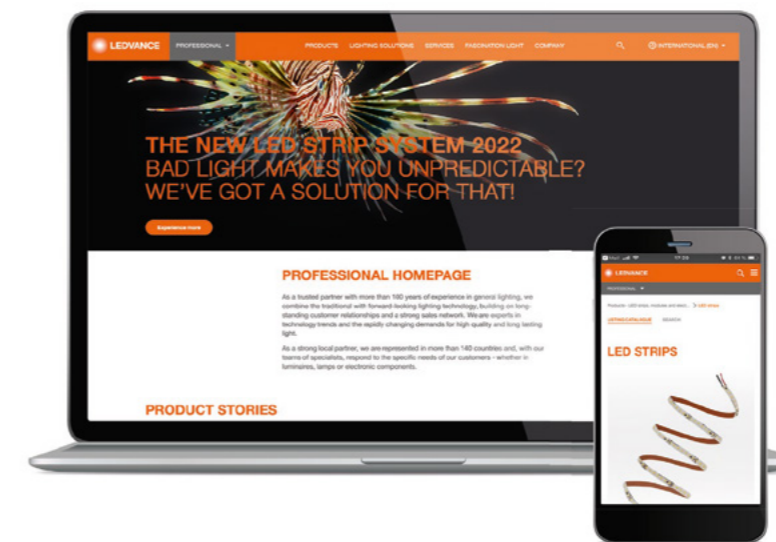

**ANY QUESTIONS? TALK TO US.**

Discover the possibilities of our Cut on Demand service and make lighting projects with LED strip systems even more successful for you and your customers.
